Honorable Members of the Pima County Board of Supervisors:

I have learned that there is a resolution on your May 19 agenda that supports undocumented people to be able to seek free testing and treatment for COVID-19 as well as to receive some financial assistance. I support this and hope you will too.

There is also a need for an extension of employment authorization for DACA recipients and TPS holders.

Many DACA persons are employed in the health care industry and are in the front lines of caring for those suffering from COVID-19. These workers cannot be replaced. Some are physicians and surgeons while others are nurses and respiratory therapists. Very much needed in this time!.

I live in District 4.

Subject: A Resolution of the Pima County Board of Supervisors Pledging to Assist All County Residents with Coronavirus (COVID-19) Issues Equality, Regardless Of Their Immigration Status or Current Citizenship."

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

To the Esteemed Pima County Board of Supervisors: I regret that I have a conflict that prevents me from being there in person, but I am writing to support the proposed resolution to assist all County residents with coronavirus issues equally, regardless of immigration status. Passage of this resolution would protect all Pima County residents and be in line with the County's values. I support the resolution and appreciate your consideration of that support. Thank you for your work.
