

# AGENDA MATERIAL

DATE 6/9/20 ITEM NO. RA. 23

Good Afternoon,

My name is Sherman Gallup and I live at 2587 E Cold Snap Pl, Vail, AZ

It seems inevitable that this ordinance is going to be approved but I would like to take this moment to thank Supervisor Christy and his staff for taking an extra look into the matter and the history of this request by the Corona de Tucson Fire Department. I would also like to take this moment to thank the Corona de Tucson Fire Marshall for timely investigative skills and on her own determined this was an Emergency Vehicle Turn-Around area which required posting "NO Parking" signs 12 years after my home was built. At the May 19<sup>th</sup> Supervisor meeting I mentioned one of the reasons I moved to my current home was I could store my RV, and If the signs had been posted at least 3 years ago when I bought my home I might have had second thoughts of buying this home or at least would have accepted the fact that I could not park my RV and accept the fact that I must store my RV.

This Ordinance, if approved, calls for an "No Parking Area" of 270 feet to 330 feet east from North Darlene Place, a total of 60 feet. That distance of 60 feet means I cannot park in front of my own home on a public street. Which essentially means the area in front of my home is a

fire lane!

Reading the Fire Marshalls non-compliance issue, stating we're not within State Fire Code, why are we having this discussion, couldn't they just post signs without getting approval here today, or is it that the so-called Emergency Vehicle Turn-Arounds were not designed as a turn-arounds, but just as drive throughs for an alley when originally designed. If it was to be designed as an Emergency Vehicle turn-around, why did they not design the turn-around 60 feet past my home. Why can't we just call it what it is...a dead end street.

If this Ordinance is approved and "No Parking" signs are going to be installed I request the County ensures the signs are not posted in a location that do not allow me unfettered access to my property on the right side on my home.

Thank You!
