Honorable Chairman Valadez,

Metropolitan Pima Alliance is supportive of the proposed development services fee suspension ordinance. MPA and our members have been actively working with the staff of PDSD as they assess and develop the new fee methodology and rates. We feel this process has been a collaborative one and appreciate being included. The suspension of the fee increase until FY 2021 will provide stability in the interim of the new methodology and resulting rates being implemented. In a time of so much uncertainty and flex, any additional stability to the industry is encouraged and appreciated.

Thank you for your support, I am happy to answer any questions the Board may have.
