Any additional costs attributable directly or indirectly to remedial action under this Article shall be the responsibility of CONTRACTOR. In the event that remedial action under this Article results in delay to one or more tasks on the critical path of CONTRACTOR's approved construction or critical milestones schedule, such period of delay shall be deemed excusable delay for which CONTRACTOR shall be entitled to an extension of time, but not costs.

Article 6. **RESERVED**

Article 7. **DELAYS**

Contractor will substantially complete Work under this contract for beneficial occupancy, as defined in A.I.A. Doc. A201 subparagraph 8.1.3., within the number of calendar days stated in CONTRACTOR's proposed schedule, agreed to by COUNTY and incorporated herein by reference, plus the grace period, calculated as an additional **THREE PERCENT (3%)** of the calendar days stated in CONTRACTOR's agreed to schedule, rounded up to the next whole day.

During the grace period, COUNTY will neither 1) apply liquidated damages, nor 2) include overhead and general conditions in any equitable adjustment for delay. Each additional day allowed for completion in excess of the days in CONTRACTOR's proposed schedule will replace one (1) day of the grace period until the latter is extinguished. If CONTRACTOR fails to substantially complete this contract for beneficial occupancy within the agreed number of calendar days from issuance of a notice to proceed, or that period plus any remaining grace period days, whichever is later, then for each day thereafter that this contract remains uncompleted for beneficial occupancy, COUNTY may deduct the sum of **TWO THOUSAND DOLLARS (\$2,000.00) PER CALENDAR DAY**, from the contract price as payment by CONTRACTOR of liquidated damages sustained by reason of the failure of CONTRACTOR to substantially complete this contract for beneficial occupancy within the time period agreed.

If the number of calendar days in CONTRACTOR's schedule plus the grace period specified in the above paragraph equals or exceeds the number of calendar days for completion stated in the solicitation, then the completion period will be as stated in the solicitation and there will be no grace period.

COUNTY and CONTRACTOR have agreed upon the Project scope, total price, and schedule for the performance of the work. The agreed schedule represents a firm commitment by CONTRACTOR and COUNTY to complete the work within the schedule identified in this Contract, as it may be adjusted from time to time.

COUNTY and CONTRACTOR understand that events may occur that delay or disrupt the schedule or require a change in the level of resources or effort. Therefore, the Contract may be adjusted as follows for Delays:

(1) A delay in the work attributable to COUNTY is an excusable delay for which an adjustment may be made to the schedule. In any such case the schedule of the affected task or activity may be extended one day for each day of COUNTY-caused delay; provided, however, that if the COUNTY-caused delay overlaps a period of delay attributable to any other cause, the extension for COUNTY-caused delay is limited to the number of non-overlapped days of COUNTY-caused delay.

(2) There is no adjustment for any CONTRACTOR-caused delay in the work, including time to repair or replace defective work. In the event of a significant CONTRACTOR-caused delay exceeding three (3) workdays, CONTRACTOR will provide a recovery plan to COUNTY within five (5) days of COUNTY's request.

(3) A delay in the work attributable to any other cause, including strikes, lockouts, fire, unusual delay in transportation, unavoidable casualties or any causes beyond the control of COUNTY or CONTRACTOR and that arises without the fault or negligence of either, is an excusable delay for which COUNTY and CONTRACTOR agree to negotiate an appropriate schedule adjustment. If the period of delay attributable to any cause under this paragraph overlaps a period of delay attributable to any other cause, the adjustment under this paragraph will be made first and the delay attributed to such other cause will be limited to that occurring outside of the overlap.

(4) If any of the causes of delay in Paragraphs 1 or 3 above affects a task or activity on the critical path, then the schedule adjustment may include adjustment to the completion date. If the cause does not affect a task or activity on the critical path, then the adjustment will be made from Float and the completion date shall not be changed.

(5) If any of the causes of delay in Paragraphs 1 or 3 above results in material provable additional costs to the affected task or tasks as a result of disruption of the schedule, then the parties will negotiate an equitable adjustment therefor.

(6) COUNTY and CONTRACTOR will negotiate an equitable adjustment of cost for any task or tasks for which there is any significant change in the level of effort arising from additional or changed work requested or directed in writing by COUNTY that materially deviates from or adds to the work.

Contractor must submit claims for extension of time in writing to COUNTY for review and approval no later than seven (7) days after the initiation of that delay. In the case of a continuing cause of delay, only one claim is necessary.

County will grant approval of time extension for delays only based on the verification of a daily log maintained by the superintendent at the job site. The daily log must segregate and document each individual delay occurrence, and then separately track the job costs attributable to changes in the work noted in Article 21. Contractor's failure to maintain the daily logs in the manner described above will result in COUNTY's denial of the claim for time extension.

If Contractor has requested detail drawings and instructions as noted in Article 9, County will not approve a request for delay on account of County's failure to furnish drawings until two (2) weeks after demand for such drawings.

Article 8. **EXECUTION, CORRELATION AND INTENT OF DOCUMENTS**

The Bid documents are complementary, and what is called for by any one shall be as binding as if called for by all, and the most stringent requirement shall apply. The intention of the documents is to include all labor and materials, equipment and transportation necessary for the proper execution of the work. It is not intended, however, that materials or work not covered by or properly inferable from any heading, branch, class or trade of the specifications shall be supplied unless distinctly so noted on the drawings. Materials or work described in words which so applied have a well-known technical or trade meaning shall be held to refer to such recognized standards.

Article 9. **DETAIL DRAWINGS AND INSTRUCTIONS**

The COUNTY shall furnish with reasonable promptness, additional instructions, by means of drawings or otherwise, necessary for the proper execution of the work. All such drawings and instructions shall be consistent with the Bid documents, true developments thereof, and reasonably inferable therefrom.

Article 10. **COPIES OF DRAWINGS FURNISHED**

COUNTY shall provide, at no cost to the contractor, two complete sets of permit submittal documents reviewed and approved for construction by Pima County Development Services.

COUNTY shall provide, at no cost to the contractor, five (5) non-reproducible sets of construction documents used during the course of bidding the work (Bid Sets) for execution on the work. It shall be the contractor's responsibility to insure that any modifications, called for, as a result of the permit process, are transferred to the bid sets.

Contractor may purchase additional sets of code-approved sets or bid sets construction documents, at their expense.

Article 11. **ORDER OF COMPLETION**

The Contractor shall submit at such times as may be requested by the COUNTY, schedules which shall show the order in which the Contractor proposes to carry on the work with dates at which the Contractor will start the several parts of the work and estimated dates of completion of the several parts.

Article 12. **CONSTRUCTION DOCUMENTS ON THE JOB SITE**

The Contractor shall keep one copy of code approved construction documents on the job site, in good order, available to the COUNTY and to his representatives. This set of documents shall be kept current as to pending and approved changes in the work.

Article 13. **OWNERSHIP OF DRAWINGS**

All drawings, specifications, and copies thereof furnished by the COUNTY are the property of Pima County. They are not to be used on other work and with the exception of the signed Contract set, are to be returned to COUNTY on request, at the completion of the work. All models are the property of the County.

Article 14. **CONTRACTOR'S UNDERSTANDING**

It is understood and agreed that the Contractor has, by careful examination, satisfied itself as to the nature and location of the work, the conformation of the ground, the character of equipment and facilities needed preliminary to and during the prosecution of the work, the general and local conditions, and all other matters which can in any way affect the work under this Contract. No verbal agreement or conversations with any officer, agent or employee of the County, either before or after the execution of this contract, shall affect or modify any of the terms or obligations herein contained.

Article 15. **MATERIALS. APPLIANCES. EMPLOYEES**

Unless otherwise stipulated, the Contractor shall provide and pay for all materials, labor, water, tools, equipment, light, power, transportation, and other facilities necessary for the execution and completion of the work.

Unless otherwise specified, all materials shall be new and both workmanship and materials shall be of good quality. The Contractor shall, if required, furnish satisfactory evidence as to the kind and quality of materials.

The Contractor shall at all times enforce strict discipline and good order among his employees, and shall not employ on the work any unfit person or anyone not skilled in the work assigned him.

Article 16. **ROYALTIES AND PATENTS**

The Contractor shall pay all royalties and license fees. It shall defend all suits or claims for infringement of any patent rights and shall hold the County harmless from loss of account thereof, except that the County shall be responsible for all such loss when a particular process or the product of a particular manufacturer or manufacturers is specified, but if the Contractor has information that the process or article specified is an infringement of a patent it shall be responsible for such loss unless it promptly gives such information to the COUNTY.

Article 17. **SURVEYS. PERMITS. AND REGULATIONS**

The County shall furnish all property surveys unless otherwise specified. Permits and licenses of a temporary nature necessary for the prosecution of the work shall be secured and paid for by the Contractor except as noted in Article 3.b. Easements for permanent structures or permanent changes in existing facilities shall be secured and paid for by the County unless otherwise specified.

The Contractor shall give all notices and comply with all laws, ordinances, rules, and regulations bearing on the conduct of the work as drawn and specified. If the Contractor observes that the drawings and specifications are at variance therewith, it shall promptly notify the COUNTY in writing, and any necessary changes shall be adjusted as provided in the Contract for changes in the work. If the Contractor performs any work knowing it to be contrary to such laws, ordinances, rules, and regulations, and without such notice to the COUNTY, it shall bear all costs arising therefrom.

Article 18. **PROTECTION OF WORK AND PROPERTY**

The Contractor shall continuously maintain adequate protection of all its work from damage and shall protect the County's property from injury or loss arising in connection with this Contract. It shall make good any such damage, injury, or loss, except such as may be directly due to errors in the Bid documents or caused by Agents or employees of the County. It shall adequately protect adjacent property as provided by law and the Bid documents. It shall provide and maintain all passage ways, guard fences, lights, and other facilities for protection required by public authority or local conditions.

If an emergency should occur affecting the safety of life or the work or of adjoining property, the Contractor, without special instruction or authorization from the COUNTY, is hereby permitted to act at his discretion, to

prevent such threatened loss or injury, and he shall so act, without appeal, if so instructed or authorized. Any compensation, claimed by the Contractor on account of emergency work, shall be determined by the COUNTY.

Article 19. **INSPECTION OF WORK**

The COUNTY representatives shall at all times have access to the work wherever it is in preparation or progress and the Contractor shall provide proper facilities for such access and for inspection. COUNTY shall have the authority to reject all work and materials which do not conform to the Contract.

If the specifications, the COUNTY's instructions, laws, ordinances, or any public authority, require any work to be specially tested or approved, the Contractor shall give the COUNTY timely notice of its readiness for inspection and if the inspection is by an authority other than the COUNTY, of the date fixed for such inspection. Inspections by the COUNTY shall be promptly made, and where practicable at the source of supply. If any work should be covered up without approval or consent of the COUNTY, it must, if required by the COUNTY, be uncovered for examination at the Contractor's expense.

Re-examination of questioned work may be ordered by the COUNTY and if so ordered the work must be uncovered by the Contractor. If such work be found in accordance with the Bid documents, the Board shall pay the cost of re-examination and replacement. If such work be found not in accordance with the Bid documents the Contractor shall pay such cost.

Article 20. **SUPERINTENDENCE - SUPERVISION**

The Contractor shall keep on its work site during its progress a competent Superintendent and any necessary assistants, all satisfactory to the COUNTY. The Superintendent shall not be changed except with the consent of the COUNTY, unless the Superintendent proves to be unsatisfactory to the Contractor and ceases to be in its employ. The Superintendent shall represent the Contractor in its absence and all directions given to it shall be as binding as if given to the Contractor. Important directions shall be confirmed by written request in each case. The Contractor shall give efficient supervision to the work, using its best skill and attention.

If the Contractor, in the course of the work, finds any discrepancy between the construction documents and the physical conditions of the locality, or any errors or omissions in the construction documents or in the layout as given by points and instructions, it shall be its duty to immediately inform the COUNTY, in writing, and the COUNTY shall promptly verify the same. Any work done after such discovery, until authorized, will be done at the Contractor's risk.

Neither the County, nor the Contractor, shall employ an employee of the other without consent.

Article 21. **CHANGES IN THE WORK**

The County, without invalidating the Contract, may order extra work or make changes by altering, adding to or deducting from the work, the Contract Sum being adjusted accordingly. Change orders must be approved by the Procurement Director or the Board of Supervisors, as required by the Pima County Procurement Code, before the work under the change commences. All such work shall be executed under the conditions of the original Contract. Claim for extension of time caused thereby shall be made per the provisions of Article 7: Delays.

In giving instructions, the COUNTY shall have authority to make minor changes in the work, not involving extra cost, and not inconsistent with the purposes of the work, but otherwise, except in an emergency endangering life or property, no extra work or change shall be made unless preceded by a COUNTY approved Change order and no claim for an addition to the Contract sum shall be valid unless so ordered.

The value of any such extra work or change shall be determined in one or more of the following ways and included in the approved change order:

- a. By mutual acceptance of a fixed price, itemized and detailed with sufficient substantiating data, as requested by COUNTY, to permit evaluation.
- b. By unit prices named in the Contract or subsequently agreed upon.
- c. By cost and a fixed fee.

In the event the parties agree on the application of (c) above, a not-to-exceed amount will be included for approval in the change order. In this circumstance, CONTRACTOR shall keep and present in such form as the COUNTY may direct, a correct account of the net cost of labor and materials, together with vouchers, for application against the approved not-to-exceed amount in the change order. CONTRACTOR may invoice for overhead and profit or fee arising from such work in the last invoice under the change order, all of which is to be applied against the not-to-exceed amount. Any balance remaining in the not-to-exceed amount after final payment under the change order shall be adjusted out by change order.

The amount of Contractor's overhead and profit allowed for any change order, whether increase or decrease, shall not exceed the following limits for work by the Contractor:

Overhead Limit: 10% of direct cost;
Profit Limit: 5% of the sum of direct cost and overhead cost.

For any portion of the work for a change order that is performed by a Subcontractor or a Sub Sub Contractor, Contractor's combined overhead and profit limits allowed will not exceed 5% of the actual direct cost of the work.

Contractor's cost, for additional work or changes requested by the Owner which result in an approved extension of time to the contract, shall be limited to the cost of the extra work determined in one or more of the three ways described previously in this Article, and the actual wage or salary paid for the on-site job superintendent in direct employ of contractor in performance of the work. This amount shall be prorated to the actual amount of extra time approved and shall only include the direct amount paid to the superintendent plus actual cost of all overhead items applicable to payroll for that position, such as insurance, taxes, FICA, worker's comp, unemployment taxes and benefits.

Article 22. CLAIMS FOR EXTRA COST FOR ADDITIONAL WORK

If the Contractor claims that any additional instructions by drawings or otherwise involve extra cost under this Contract, it shall give the COUNTY written notice thereof within a reasonable time after the receipt of such instructions, and in any event before proceeding to execute the work, except in an emergency endangering life or property. The procedure shall then be as provided for in Article 21 "Changes in the Work". No such claim shall be valid unless so made.

Article 23. DEDUCTIONS FOR UNCORRECTED WORK

If the COUNTY deems it not expedient to correct work injured or done not in accordance with the Contract, an equitable deduction from the Contract price shall be made therefor.

The Contractor shall promptly remove from the premises all materials condemned by the COUNTY as failing to conform to the Contract, whether incorporated in the work or not, and the Contractor shall promptly replace and re-execute its own work in accordance with the Contract and without expense to the County and shall bear the expense of making good all work of other contractors destroyed or damaged by such removal or replacement.

If the Contractor does not remove such condemned work and materials within a reasonable time, fixed by written notice, the County may remove them and may store the material at the expense of the Contractor.

If the Contractor does not pay the expense of such removal within ten days' time thereafter, the County may, upon ten days written notice, sell such materials at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs and expenses that should have been borne by the Contractor.

Article 24. **RESERVED**

Article 25. **SUSPENSION OF WORK**

The County may at any time suspend the work, or any part thereof, by giving notice to the Contractor in writing. The work shall be resumed by the Contractor upon written notice from the County to the Contractor to do so. If the suspension period extends for more than one day, then any days in excess of the first day of suspension will not be counted in computing the construction time for the project.

Article 26. **THE COUNTY'S RIGHT TO DO WORK**

If the Contractor should neglect to prosecute the work properly or fail to perform any provision of this Contract, the County after three (3) days written notice to the Contractor, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor.

Article 27. **RESERVED**

Article 28. **REMOVAL OF EQUIPMENT**

In any case of termination or annulment of this Contract before completion from any cause whatever, the Contractor, if notified to do so by the County shall promptly remove any part or all of its equipment and supplies from the property of the County, failing which the County shall have the right to remove such equipment and supplies at the expense of the Contractor.

Article 29. **USE OF COMPLETED PORTIONS**

The County shall have the right to take possession of and use any completed or partially completed portions of the work, notwithstanding the time for completing the entire work or such portions may not have expired but such taking possession and use shall not be deemed an acceptance of any work not completed in accordance with the Bid documents. If such prior use increases the cost of or delays the work, the Contractor shall be entitled to such extra compensation, or extension of time, or both, as the COUNTY may determine.

Article 30. **PAYMENTS WITHHELD**

The County may decline to certify payment or, because of discovered evidence or observations, may nullify the whole or any part of any certificate for payment previously issued, to such extent as may be necessary in its opinion to protect the County from loss because of:

- a. Defective work not remedied.
- b. Third party claims filed or reasonable evidence indicating probable filing of such claims.
- c. Failure of the Contractor to make payments properly to Subcontractors or for labor, materials, or equipment.
- d. Reasonable evidence that the work cannot be completed for the unpaid balance of the Contract sum.
- e. Damage to another Contractor.

When the above grounds are removed, payment shall be made for amounts withheld because of them.

Article 31. **RESERVED**

Article 32. **WARRANTY**

The Contractor shall provide a written guarantee covering all costs for repair or replacement of defective work for a period of two years (or longer if noted elsewhere in the construction documents) from substantial completion. Contractor shall complete repair, or respond to County in writing with repair solution, within 72 hours of notification by owner. County may make emergency repairs to ensure life safety or to prevent property loss, without invalidating the warranty. CONTRACTOR's obligations under this Article shall survive termination or expiration of the Contract.

Article 33. **LIENS**

Neither the final payment nor any part of the retained percentage shall become due until the Contractor delivers to the COUNTY a complete release of all liens arising out of this Contract, or receipts in full or in lieu thereof, and if required in either case, an affidavit that so far as it has knowledge or information the release and receipts include all the labor for which a lien could be filed; but the Contractor may, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the COUNTY, to indemnify the County against any lien. If any lien remains unsatisfied after all payments are made, the Contractor shall pay to County all monies that the latter may be compelled to pay in discharging such a lien, including all costs and a reasonable attorney's fee.

Article 34. **RIGHTS OF VARIOUS INTERESTS**

Wherever work being done by the County's forces or other Contractors is contiguous to work covered by this Contract the respective rights of the various interests involved shall be established by the COUNTY to secure the completion of the various portions of the work in general harmony.

Article 35. **SEPARATE CONTRACTS**

The Board reserves the right to let other contracts in connection with this work. The Contractor shall afford other Contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work, and shall properly connect and coordinate its work with theirs.

If any part of the Contractor's work depends upon proper execution or results of the work of any other contractor, the Contractor shall inspect and its report shall constitute an acceptance of the other Contractor's work after the execution of its work.

To insure the proper execution of its subsequent work the Contractor shall measure work already in place and shall at once report to the COUNTY any discrepancy between the executed work and the drawings.

Article 36. **CLAIMS AND DISPUTES**

All claims, demands, disputes, controversies, and differences that may arise between the parties hereto as result of or in connection with this Contract shall be referred to the COUNTY in writing with a request for a formal decision in accordance with this paragraph, which the COUNTY shall render in writing within a reasonable time.

Written notice of each such claim, demand, dispute, controversy or difference shall be delivered by the Contractor to the COUNTY within fifteen (15) days of the occurrence of the event giving rise thereto and written supporting data will be submitted to the COUNTY within forty-five (45) days of such occurrence unless the COUNTY specifies a different period of time in writing to the Contractor. In his capacity as interpreter and judge, the COUNTY will not show partiality to County or Contractor and shall not be liable in connection with any interpretation or decision rendered in good faith in such capacity. The rendering of a decision by the COUNTY with respect to any such claim, demand, dispute, controversy or difference will be a condition precedent to any exercise by Contractor of such rights or remedies as Contractor may otherwise have under the Bid documents or at law in respect of any such claim, demand, dispute, controversy or difference.

This section does not relieve the Contractor of any statutory requirement relating to the presentation of claims to the Board of Supervisors of Pima County as a condition precedent to filing suit against the County.

The Contractor shall not cause a delay in the performance of the Contract because of any claim, demand, dispute, controversy or difference that may arise between the parties as a result of or in connection with this Contract.

If either the County or the Contractor is dissatisfied with any decision of the COUNTY and both parties agree in writing, then the dispute may be settled by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) will be entered in any court having jurisdiction thereof. All arbitration hearings must be held in Tucson, Arizona.

Article 39. ARCHAEOLOGICAL FEATURES

Construction for this project may occur in an archaeological sensitive area. The County Office of Conservation and Sustainability Cultural Resources Division will determine prior to construction (other than emergencies) any special site monitoring requirements. Human burials, including human skeletal remains, cremations, and funerary objects are protected under ARS 41-844 on state, county, and municipal lands, and under ARS 41-865 on private lands. Should archaeological features and/or artifacts or human remains, including human skeletal or cremation remains be discovered, work at that location will cease immediately, and the area will be taped off and avoided until archaeological investigations are completed. Construction is subject to delay in that location pursuant to applicable State law, while consultation with the Arizona State Museum and appropriate documentation and data recovery takes place.

To the extent permitted by law, all archaeological artifacts and other materials shall belong to Pima County. No monetary compensation will be made to the CONTRACTOR for any claims due to delays in the work schedule. Only the Contract/construction time will be extended to permit the original scheduled number of days for completion of the project.

Article 40. PRODUCT AND MATERIAL DATA SAFETY SHEETS

The contractor shall submit United States Department of Labor product or material data safety sheets on all materials used on the project. Only those forms issued by OSHA and United States Department of Labor will be acceptable.

Article 41. RESERVED

Article 42. HAZARDOUS MATERIALS/ HAZARDOUS WASTES / HAZARDOUS SUBSTANCES ABATEMENT

Should the Contractor uncover, or otherwise become aware of the presence of any Hazardous Materials, Hazardous Wastes or Hazardous Substances during the construction of this project, notice shall be served immediately to the Facilities Management Department, and all work surrounding said materials or substances shall be ceased until directed to proceed. The Contractor is hereby advised that construction delays due to Hazardous Materials, Hazardous Wastes or Hazardous Substances abatement may occur.

If this contract does not otherwise require the services of a Hazardous Materials contractor, abatement of such materials shall be provided by Pima County, at its expense and independent of this contract.

If this contract already employs the services of a Hazardous Materials contractor, the cost to abate any such additional materials shall be added to the contract as Additional Services, in accordance with the provisions of Article 22, and time extensions granted in accordance with the provisions of Article 7.

Article 43. WASTE DISPOSAL FACILITIES

The CONTRACTOR shall legally dispose of all construction debris in appropriate COUNTY operated waste disposal facilities and pay any applicable fees. In the case of conflicts with the provisions of the Contract Specifications, this provision shall apply.

Article 44. EXISTING CONDITIONS

The Contractor shall, before the conditions are disturbed, give immediate (within 8 hours) verbal notice to the onsite Construction Manager and/or onsite County representative to be followed up by written notice within 24 hours of initial discovery to the Construction Manager and COUNTY of:

- (a) Subsurface or latent physical conditions at the site which differ materially from those indicated in this contract; or
- (b) Unknown physical conditions at the site, of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the contract.

The Construction Manager, Architect and/or COUNTY shall investigate the site conditions within 24 hours after receiving the notice. If the conditions do materially so differ and cause an increase or decrease in CONTRACTOR's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, an adjustment shall be made pursuant to Article 21 of the General Conditions, Changes in the Work.

No request by CONTRACTOR for an adjustment to the contract under this clause shall be allowed, unless CONTRACTOR has given the written notice required; provided, that the time prescribed in this clause for giving written notice may be extended by the COUNTY.

No request by the CONTRACTOR for an adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

Article 45. SECURITY CHECK

At the discretion of the COUNTY, the contractor shall provide a fully Pima County Adult Detention Center Cleared Corrections Visitation (CCV) Request for all personnel who will be working in buildings/locations that are the property of Pima County Government, so that a background check may be run on each individual. This includes the general contractor and all sub-contractors, etc., working within the buildings/location.

The CCV should be submitted no less than two to three weeks in advance of the starting of a job. This will give the contractor time to replace anyone who might not be approved to work. The CCV should be submitted to the project manager of the Pima County Facilities Management Department, who will forward it on to the Pima County Sheriff's Department for processing.

The background check is conducted by the Pima County Sheriff's Department Records Section and includes any arrest, citation, contact or report under the names submitted - nationwide. The purpose of this background check is to prevent individuals who have been involved in certain criminal acts and who may increase liability for the County, access to the County buildings/locations and personnel. A lot of work is done in areas that are sensitive, restricted and confidential, as well as populated.

Anyone with a background history of a class 1 felony, theft history of any kind, sex offense history, or any crime involving moral turpitude, illegal drug or narcotics use, sale or possession, or who has any felony charge pending or who has any outstanding warrants of any type, including misdemeanor, traffic or felony warrants, will be denied permission to work.

On occasion, the Sheriff's Department will ask that an individual call them. This usually means they have some minor problem, such as a misdemeanor or traffic warrant that the Sheriff's Department will make them aware of. Once the individual has taken care of it they may be approved.

Once the background check has been done, the Sheriff's Department will notify the project manager from Facilities Management and he, in turn, will notify the contractor. If the Sheriff's Department denies approval for one of the contractor's employees because of the background check and the employee wishes to inquire as to why, the contractor shall have them call the Sheriff's Department at 740-8345, who will talk with them and explain why they have been denied.

On occasion, an individual supervisor will call the Sheriff's Department and want to know why the Sheriff's Department has denied permission to work to one of his employees. By Federal law, the Sheriff's Department cannot release that information to anyone but the individual employee. If the employee wishes to advise their boss after the Sheriff's Department has talked with the employee that is their prerogative.

It should further be noted that even though a person may have a criminal history background, he may still receive permission to work on a County project. The deciding factors include the nature, extent, time since last incident and any other circumstances which the reviewer feels may be a liability or an asset.
