

## BOARD OF SUPERVISORS AGENDA ITEM REPORT

Requested Board Meeting Date: November 10, 2020

**Title:** Traffic Regulation - Axle Drive and Wheelspoke Lane

### Introduction/Background:

The Pima County Department of Transportation received a citizen request to install a stop sign for southbound Wheelspoke Lane at Axle Drive. Wheelspoke Lane and Axle Drive are both local roadways with a speed limit of 25 mph. This four-legged intersection is located in Vail approximately 265 feet west of Camino Loma Alta.

### Discussion:

The Pima County Department of Transportation conducted a traffic control study at the intersection of Axle Drive and Wheelspoke Lane to determine if stop control was recommended for installation based on the citizen request. There is an existing stop sign for northbound Wheelspoke Lane at Axle Drive that was installed during construction of the subdivision. No sight visibility restrictions were observed at the intersection, and no crashes were reported in the past five years from 2015-2019.

### Conclusion:

The traffic control study determined that a stop sign is recommended to be installed for southbound Wheelspoke Lane at Axle Drive in consideration of the existing stop sign for northbound traffic. The stop signs will establish right-of-way at the four-legged intersection.

### Recommendation:

The Pima County Department of Transportation recommends an ordinance be approved to designate the Wheelspoke Lane and Axle Drive intersection as a stop intersection with traffic on Wheelspoke Lane stopping for traffic on Axle Drive.

### Fiscal Impact:

Minimal
