Subject: RE: Board of Supervisors Public Hearing, November 17, 2020, Agenda Item #15, New Sign Standards.
Date: Thursday, November 12, 2020 1:36:17 PM

This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

I am opposing the New Sign Standards for the following reasons:

1. More and larger signs are not what this community needs
2. More and larger signs add light pollution harming dark skies.
3. More citizen review is needed (the final proposed draft has not been posted to the County website as of this writing on Nov 12.
4. I support Scenic Arizona, the Observatories, Dark Skies, Wildlife, Environmental and other organized groups working on this.
5. Part of what adds to the beauty of our environment is the limitation and restriction of signage in areas designated as an escape from the increasing "mind clutter" we are constantly being exposed to.

Thank you,
Janice

Dear sirs,

I want to express my opposition to changes in Pima County's sign ordinance. More and larger signs will be ugly, they will add to light pollution, and they are definitely not what the people of Pima County need. More citizen review is needed to ensure transparency and to offset the lobbying of the sign industry. This is why I support the position of Scenic Arizona and the Universities who oppose the changes.

Sincerely,
William Ellett
