Official Voting Instructions mailed with early ballots

Pay close Attention to these Instructions:

Step 1: VOTE by marking the oval in front of the candidate or issue. Fill in the oval completely with a BLACK Or DARK BLUE PEN. Do NOT use a sharpie type pen as it will bleed through.

Pima County post of FB page:

The felt tip pen ballot controversy burning through social media is false. Don't get caught up in it. Arizona ballot tabulating machines can read ballots marked with a felt tip pen. Felt pens are discouraged because the ink can bleed through. If it does bleed through, the ballot will most likely get sent for duplication so it can be read by the scanner. The image with this post is the text from the AZ secretary of State's elections Manual Chapter 10, Section D. Subsection 3.

All ballots in which voter intent can be discerned will be counted. That's also in the manual. No ballots will be discarded because of the method used to color in the ovals.

3. Procedures for duplicating a ballot, a damaged or unreadable ballot must be duplicated according to the following procedures.

- Ensure the correct ballot style for the voter's precinct will be used to create the duplicated ballot.
- Mark the proper precinct identification code if applicable.
- Record an identical serial number on both the original and duplicate ballot (including spoiled duplicates)-this ties the ballots together and creates a paper trail as required by statute, ARS 16-621(A);
- Conspicuously mark the original ballot as (DUPLICATED).
- Conspicuously mark the duplicate ballot as (Duplicate) ARS 16-621 (A).
- Using the damaged or unreadable ballot as a guide, mark a blank ballot with votes identical to those on the original ballot;
- Do not duplicate write in names that are not on the authorized write in list ("blank" or "unofficial" may be typed in if using a ballot marking device to duplicate and the name/line cannot be left blank). However, mark the arrow or fill in the oval to indicate the vote cast;
- After marking the duplicate ballot, check to make sure it is identical to the original, including overvotes if voter intent cannot be determined and any undervotes.
- If the ballot duplication board makes any errors, mark the ballot (Spoiled) in a conspicuous
