As a nurse and a resident of Green Valley with a husband who is high risk for contacting Covid-19 I am very concerned at the lack of planning that has been apparent in getting the vaccine to anyone who lives outside of Tucson. Green Valley, as a retirement community, should have been an area that was prioritized in receiving the vaccination. I am asking that this matter be addressed with the utmost urgency.

Thank you,

Please consider Green Valley as a viable site for the vaccine ASAP. I am in the 1B group and am having trouble understanding how I am supposed to drive to Tucson.....we have a very fine LICENSED group of nurses here very willing to help this happen. Use these resources please....it's in all of our best interests.

Thanks
