Greetings,

To whom it may concern, please do not consider a raise for Chuck Huckleberry at this time. It's sad to see he is even asking for a raise during this time with a pandemic going on. So many people are hurting financially right now. It just seems inappropriate right now. I don't see how the county would even have the extra funds to support a raise. I'm sure revenue is down with so many business closed.

Thank you for your time.

To the Board of Supervisors:

Not sure why you deferred voting on Huckleberry's requested raise, but at least you had the good sense not to approve it...yet.

I can only repeat: if you do this, it is a slap in the face to every suffering citizen of Pima County. People are hurting badly due to this pandemic. Businesses have closed forever. People are behind in rent. People who never before thought they would need to ask for help have been forced to go to food banks to feed their children.

And poor Chuck needs more MONEY???? Poor, poor man. How can he ever survive on his current measly salary? Seriously, maybe we should start a GoFundMe page for him.

SHAME on him for even asking.

Chuck Huckleberry doesn't deserve ONE PENNY MORE. What he needs is to GO. His salary and benefits are outrageous. If you approve this you are utterly tone deaf to the suffering citizens of Pima County.

Here's an idea: take that additional money he has demanded and GIVE IT TO THE FOOD BANK.

We are watching what you do.

Sincerely,

I urge you to please consider declining Chuck Huckleberry's raise request. The families of our county have experienced unprecedented financial hardships this year, and it would be tone deaf and irresponsible to add an extra \$13,000 of our tax dollars onto Mr Huckleberry's salary at this time, as he is already the highest paid county administrator in the country.

Thank you for being transparent and accountable with our tax dollars, and this difficult decision.

Sincerely,
Peniel Macias

Subject: Do not rehire Chuck Huckelberry

Hello all, I'm writing this email in opposition to rehiring Chuck huckelberry as the Pima County Manager. I'm a 3rd generation Tucsonan, I went to U of A, was a local firefighter and now I am a local business owner who employs close to 70 people across Pima County. I absolutely want what is best for Pima County and for the future to be brighter than it has been. However we all know that rehiring Chuck will not achieve this. The definition of insanity is doing the same thing over and over again and expecting different results. Unfortunately rehiring Chuck is simply insanity! I used to always hear that the only reason that Chuck kept getting rehired was because he knew where all the "bodies were buried". I truly hope that Pima County is not as corrupt as many make it out to be. And I truly hope the our voices will be heard. Get some new blood in there! We don't need a 75 year old man making the decisions on how Pima County will grow. He has had his time and all you have to do is look back at the last 25 years to see what he has achieved and if it was worth it. The infrastructure in Pima County is terrible, the roads are a joke, the planning has been half-assed and has not achieved anything. Our crime rate has been rising, the median wages has been going down compared to the rest of the U.S., and the only reason we have any growth is because we are so cheap that this is where people with no money flock to. Pima County does not have to be in the state that it is. Let's bring in some new blood, with new ideas and energy to bring great businesses and infrastructure to our County. Let Chuck retire and marvel over his work. We all deserve better.
