Please do not renew Huckleberry's contract. He is not worth 1/4 of the money he is paid and we need new blood in there.

We are writing to you as residents of Corona de Tucson. We are stunned that Mr. Huckleberry has the audacity to request such a raise, especially in our current depressed economic situation exacerbated by the pandemic! Many residents have lost their jobs or have suffered significant cuts to the number of hours they are scheduled to work. Our fellow citizens are unable to pay their utilities or rent due to their reduced income. Some can not venture from their homes safely due to co-morbidities that make them vulnerable to this virus. Others, while likely to be able to survive the virus, have fewer options due to the restrictions placed on them by the elected and non-elected officials.

Frankly, we have lost all respect for Mr. Huckleberry. He apparently has no empathy for the people of Pima County. He has raked in millions of OUR dollars for DECADES and we've seen little to no improvement to our county. We don't believe he deserves his current salary, let alone an increase. Perhaps it is time that we choose to NOT renew his contract and find an administrator that remembers that he is there to serve us, not just line his pockets.

PLEASE do not agree to his raise request! It is obscene that he makes more than twice what our governor makes and more than the vice president of the United States! We don't need him or his ilk! Let his contract run out and let's find a better way forward!

Ronald & Patricia Lopez
Corona de Tucson

Pima County Board of Supervisors
130 W. Congress, 11th Floor
Tucson, AZ 85701

Dear Board Members:

I have lived in Pima County for 42 years. During the past 25 years I have known Chuck Huckelberry, serving as the Pima County Administrator, to direct countless policies and initiatives that have yielded benefits for the residents of Pima County. Whether we were dealing with regional transportation planning, catastrophic flooding or the most innovative, far-sighted response to the Endangered Species Act, Chuck has led Pima County through strategic solutions to serious and complex challenges.

Never has this ability to lead been more apparent than during the Covid-19 global pandemic. As the entire world has struggled to address the Covid-19 pandemic Arizonans have suffered from a lack of consistent and effective leadership at both the State and Federal level. This is the time to have a strong leader at the helm. The middle of this tragic pandemic is not the time to attempt to on-board a new Administrator and frankly I am surprised that Board members have any hesitation about retaining Mr. Huckelberry as County Administrator, regardless of the pandemic. We are fortunate to have a leader of Mr. Huckelberry's caliber in Pima County.

I strongly encourage you to retain Chuck Huckelberry as County Administrator. The salary adjustments requested are entirely in line with his experience, leadership skills and the value he brings to our community.

Sincerely yours,

Diana Freshwater

Good day,

I would like to voice my opinion in regards to Mr Huckelberry's request for a contract extension and raise. I am requesting that his motion be denied for both an extension and a raise.

Mr. Huckelberry has clearly taken advantage of the system with his outrageous salary as the highest paid government official in the United States.

I recommend that Mr. Huckelberry be replaced at the end of his contract and that his request for an increase in salary be denied. Furthermore, I recommend a motion that the Board of Supervisors create a salary limit for that position to no more than \$250,000.

Respectfully
Mr. Barrios
Pima County Resident

--
Very Respectfully,

Mr. Frankie Barrios

Pima County Board of Supervisors
130 W. Congress, 11th Floor
Tucson, AZ 85701

Dear Board Members:

Re: Renewal of Pima County Administrator's Contract

I am a retired non-profit executive with 25 years of community service in Pima County and across the region. I genuinely appreciate how challenging your work is at this moment, especially with the global pandemic bearing down on our community. I believe that this is not an appropriate time to make a change in executive management. I strongly encourage you to renew Mr. Huckelberry's contract and ensure that Pima County has the continuity and level of experienced leadership that it deserves during this crisis.

Mr. Huckleberry stands out as one of the outstanding County Administrators in Arizona and we are lucky to have had the benefit of his talented leadership for so many years. No leader is flawless, but all my interactions with and observations of Mr. Huckelberry during my work with non-profits, at both a staff and board level, and during my 12 years of service on the Conservation Acquisition Commission have been highly professional and rewarding. Mr. Huckleberry is a pragmatic and visionary leader who has full and complete knowledge of the complexities of managing this county and has demonstrated his skill at developing effective solutions for many important issues throughout his tenure as County Administrator.

This is a moment in our history that demands a strong experienced leader at the helm. I encourage the Board to stand by Mr. Huckelberry and renew his contract without hesitation.

Sincerely yours,

Les Corey
