### **Background**

Beginning on or before July 1, 2019, the County shall comply with state law by annually adopting a pension funding policy for the Public Safety Personnel Retirement System (PSPRS) that meets the criteria set forth in A.R.S. §38-863.01. - How and when the County's funding requirements of the system will be met.
- How to maintain stability of the County's funding contributions to the system.
- The establishment of a Pension Fund Reserve.

The County contributes to the Public Safety Personnel Retirement System (PSPRS) and Corrections Officer Retirement Plan (CORP) for the Sheriff's Department and PSPRS for County Attorney Investigators. A comprehensive description, financial reports, and actuarial valuation reports can be located on the PSPRS website at [www.psprs.com](http://www.psprs.com) for these plans.

### **Definitions**

***Annual Required Contribution (ARC)*** – The annual amount required to pay into the pension funds, as determined through annual actuarial valuations. It is comprised of two primary components: *Normal Pension Costs* - which is the estimated cost of pension benefits earned by employees in the current year; and *Amortization of UAAL* - which is the cost needed to cover the unfunded portion of pensions earned by employees in previous years. The UAAL is collected over a period of time referred to as the amortization period. The ARC is a percentage of the current payroll.

***Funded Ratio*** – A ratio of fund assets to actuarial accrued liability.

***Unfunded Actuarial Accrued Liability (UAAL)*** – The difference between trust assets and the estimated future costs of pensions earned by employees.

**Policy**

1. The Board of Supervisors formally accepts the assets, liabilities, and current funding ratio of the County's PSPRS and CORP trust funds as reported by PSPRS, the plan administrator, from their June 30, 2019~~20~~, actuarial valuation, which is detailed below.

Trust Fund	Assets	Accrued Liability	Unfunded Actuarial Accrued Liability	Funded Ratio
Public Safety Personnel	\$ 181,213,892	\$ 441,200,492	\$ 259,986,600	41%
Corrections Officers	\$ 72,276,757	\$ 155,506,860	\$ 83,230,103	47%
County Attorney Investigators	2,396,125	4,282,117	1,885,992	56%
Total	\$ 255,886,774	\$ 600,989,469	\$ 345,102,695	43%

2. The Board's funding ratio goal is 100% (fully funded) over a period of 17~~6~~ years\*.
3. The plan to achieve this goal includes the issuance of Pledged Revenue Obligations in addition to requires full Annual Required Contribution (ARC) payments (Normal Cost and remaining Unfunded Actuarial Accrued Liability (UAAL) amortization) from operating funds over the entire amortization period of 17~~6~~ years\*. The County will continue to budget and contribute at the rates established by the retirement system.
4. Beginning in Fiscal Year 2022, a Pension Fund Reserve (Reserve) will be created. The Reserve will be funded from a portion of the projected savings achieved from the proposed financing, along with any budgeted savings in personnel costs in the Sheriff's Department's General Fund. The Reserve will provide a source of funds from which the County can make additional contributions that may be required in future years.
- 3-5. To ensure that the UAAL does not increase due to grants that disproportionately and adversely affect our PSPRS and CORP retirement plans, the County will not accept any federal or state grants that provide for personnel service payments only in the form of overtime.

\*NOTE: The plan to amortize the UAAL over an extended period of time is conditional on the accuracy of the actuarial assumptions. These assumptions are updated on an annual basis. The ARC and/or the amortization period may be adjusted.
