

Petition in support of P20RZ00011 Mortgage Equities XVI, L.L.C. - S. Sorrel Lane Rezoning

We, the undersigned, support the above rezoning case and encourage the Board of Supervisors to approve the case on April 20th. The adjacent and surrounding neighbors have been working with the developers to ensure street improvements/traffic mitigation are all incorporated into the project as well as open space, connectivity and especially improvements to the drainage. Flooding has been an ongoing issue in this area and the development team has worked closely with the neighbors and Pima County on a plan that will improve the flooding/drainage situation for all downstream properties including the San Xavier District. Please approve this rezoning on April 20th.
