To the Pima County Board of Supervisors, care of the Clerk of the Board:

Dear Board,

As part of Tucson Home Sharing, a grassroots organisation that has worked tirelessly to bring awareness of this housing option to the community, I urge that you take immediate action.

The pandemic has brought to focus the peril of social isolation for single seniors whether homeowners or home seekers. Home sharing provides companionship and security. A homeowner can maintain their independence with help from another senior who benefits with an affordable housing situation. The savings to the community in keeping seniors in their home is well-documented.

To: Board of Supervisors: Care of the Clerk of the Board

Thank you for all you do for our city in supporting community efforts. In this regard, would you please urgently do all you can to support Home Share in Pima County? Home Sharing is affordable, reasonable, and innovative option to allow single seniors to remain independent in their home, sharing it with another senior who provides help with some services such as driving or cooking and who benefits with an affordable rent.

What other way can we provide such self sufficiency and meaningful partnership? The companionship and security from this program help seniors, their roommates and assistants, and the community as a whole. Lets use our resources to the highest of their potentials for betterment for all.

Thanks for taking immediate action on a very important issue.  
Sincerely,

Mallika P. Rao

I am writing in support of funding for the Home Sharing Pilot.

Pima County is facing a critical shortage of affordable housing. Older adults on fixed incomes are struggling to find stable, safe housing.

Home Sharing programs which are already successfully established in other communities is an affordable solution that match home owners with home shares.

The matches not only provide a safe, affordable housing option for older adults but increase the already existing housing stock.

Shared Housing is one of the solutions to the housing shortage . A commitment by the County for initial and future funding will allow Pima Council on Aging and Tucson Shared Housing to work together to make a Shared Housing Program for Pima Co a reality.

Board of Supervisors: Care of the Clerk of the Board

I urge you to generously support Home Share in Pima County.

Home Sharing is a much needed, economical and humane method to enable single seniors to maintain their independence in the care of a person or persons, who are willing and able to assist with necessary services such as meal preparation, transportation and affordable rent.

Essentially, this provides, much needed, security and company which prove to be beneficial to both parties and our community.

Please enable this win/win proposition which will transform the lives of a vulnerable group in our neighborhoods.

Thank you for your consideration in this matter.

Yours sincerely,

Paul Fisher

Pima County Resident.

Tucson Home Sharing (THS) has been in existence since February 2020, where a group of 5 volunteers have been developing awareness of Home Sharing as an affordable housing resource especially for elders in our community. THS is devoted to education, advocacy and outreach to support the establishment of such a program in Tucson and Pima County. Everyone wants to age in place but often assistance - financial or in terms of helping with household chores can make this a reality. Some home sharers exchange payment and/or service and each home sharing arrangement is unique. All arrangements such as those being proposed in this program will serve the community well, and address the need for affordable housing.

Thank you so much for your consideration of this important item

Board of Supervisors: Care of the Clerk of the Board

Please focus and act to support Home Share in Pima County.

Home Sharing is a practical way for seniors to maintain their independence and their homes by sharing with another who might provide help in needed areas such as preparing meals, providing transportation or other meaningful assists in exchange for reduced or no rent.

This is a win, win for the communities of the county and senior citizens in need of assistance to remain at home and those in need of a safe place to live. Thank you in advance for your consideration.

Board of Supervisors: Care of the Clerk of the Board

Please take immediate action to support Home Sharing in Pima County.

Home Sharing is an inexpensive and valuable option to allow single seniors to remain independent in their home. Sharing a living situation with another senior can provide help with some services such as driving or cooking and has the added benefit of an affordable rent.

The companionship and security from such an arrangement are beneficial to both participants and the community as a whole.

Thanks for taking such important action,

Dear People,

I am in full support of the Home Sharing proposal for fixed lower income families.

It is critical that you make a difference for those who are struggling to have affordable housing in Tucson.

Thank you for your listening.
