To the Board of Supervisors:

As an aging adult I have taken an interest in this initiative. Although I have the resources to meet my own needs, I think a lot about those who don't.

I have often thought there should be a system in place to bring people together to fill this gap of need. The world is full of young and middle age people on limited incomes whose lives would be enriched by providing a service to someone in need. It would clearly be a win-win to have a program that provides those individuals with housing assistance in exchange for this commitment of service.

We all know lonely, elderly people who need assistance. But they will be reluctant to invite someone to share their homes without a program to match them with the right people and to oversee same to ensure positive outcomes for both parties.

In the perfect world this might happen naturally. But in our world we need some help. Clearly every dollar spent will bring significant savings in housing and healthcare expenses for both the individuals served and the public and private programs that support them today. I hope the BOS will embrace and fund this program.

Sincerely,  
Jannie Cox

To: Board of Supervisors: Care of the Clerk of the Board

Please take immediate action to support Home Share in Pima County.

Home Sharing is an inexpensive and valuable option to allow single seniors to remain independent in their home, sharing it with another senior who provides help with some services such as driving or cooking and who benefits with an affordable rent.  
The companionship and security from such an arrangement are beneficial to both participants and the Tucson community as a whole.

Thanks for taking such important action,

Sincerely,

Maria Proytcheva
