Board of Supervisors: In care of the Clerk of the Board

The Home Share pilot in Pima County is critical and deserves support.

Home Share is an everyone wins program. Helping single seniors to remain independent while benefitting from companionship, shared cooking, driving and rent they can afford is a small sacrifice for the County. The Home Share Pilot also provides some security that keeps many seniors more active. In many countries seniors are valued for their experience and wisdom and it seems this country is too willing to let them find their own way. Please take whatever action is necessary to fund this program.

Thank you for your consideration.

Board of Supervisors:

I am writing on behalf of Home Share in Pima County. Home sharing is an elegant responses to single seniors seeking companionship and support from others, often seniors themselves. Since seniors are shown to be much better off financially and otherwise if they can stay in their own homes, home sharing provides invaluable benefits.

Please consider taking action to support this important action for Pima County seniors and the wider community.

Board of Supervisors: Care of the Clerk of the Board

Please support Home Share in Pima County.

Home Sharing is an inexpensive and valuable option to allow single seniors to remain independent in their home with affordable rent.

The companionship and security from such an arrangement are beneficial to both participants and the community as a whole.

This is the right thing to do

Thanks

Board of Supervisors: Care of the Clerk of the Board

I am requesting that you please take immediate action to support **Home Share** in Pima County. Home Sharing is an inexpensive and valuable option to allow single seniors to remain independent in their home, sharing it with another senior who provides help with some services such as driving or cooking and who benefits with an affordable rent. The companionship and security from such an arrangement are beneficial to both participants and the community as a whole. The elderly population will continue to grow as Baby Boomers reach advanced old age. Or as they meet injuries, limitations, and health problems. This is a healthy option and a win win solution. It is creative, grass roots and merits local government support. It is a perfect common sense solution that communities can implement to show respect and support for our senior citizens.

Thanks for taking such important action,
Edna Silva

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

Please provide the following comments to the Board of Supervisors and provide them as public comment on the Agenda of 05-18-2021.

Public Participation Comment During Covid-19: Considering the Emergency Meeting by the Board of Supervisors on 05-14-2021 and their Resolution 2021-35 repealing Resolution 2020-96 mandating mask wearing. Yes the Board has made a tiny step in the direction of removing the mask mandate. Remember just flattening the curve for a short while? Yikes that was 14 months ago. Now the new resolution has lots of additional requirements including vaccination. It is no business of the Board of Supervisors to make any mandate about my personal health decisions including vaccinations. Remove the masks without your new additional requirements involving vaccinations.

Facilities Management: #4 Bruce Wayne LLC, Amendment #4 extending contract term and amending contractual language. Why would you raise the rent on a rental property during this Covid timeframe? Many properties are vacant or shut down and businesses are struggling. Rethink making a 5% raise on this property.

Respectfully Submitted,
Sharon L. Fickes, Member
United Republicans Green Valley/Sahuarita

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

To: Clerk Of The Board For PIMA County

I request the following comment become part of the Agenda. I respectfully ask that Consent Agenda Item 4 Facilities Management be pulled and discussed at the Board of Supervisors Meeting of Tuesday 05-18-2021

Facilities Management: 4. Bruce Wayne, L.L.C., Amendment No. 4, extending contract term to 6/30/23 and amending contractual language, Health Fund, contract amount \$270,349.68 (CT-FM-19-323). The year following covid, when many properties are vacant and possibly shuttered permanently and landlords are looking for tenants, is a year to renegotiate for a lower rate not the year for a five percent increase. Please review and revise the suggested lease rate.

Also, thank you for Resolution 2021-35 repealing Resolution 2020-96 mandating mask wearing; however, the additional requirements including vaccination are inappropriate and onerous. Remove the mask mandate without any additional requirements involving vaccinations.

Respectfully Submitted,
Gail Ault, Member
United Republicans of Green Valley/Sahuarita

Board of Supervisors: Care of the Clerk of the Board

To whom it may concern:

It is critically important to take immediate action to support Home Care in Pima county at this time.

Home sharing is an inexpensive and valuable option in allowing single seniors to remain independent in their home by sharing it with another senior. Sharing their home with another senior could help to provide such services as driving, cooking and the benefit of affordable rent. Companionship and security with such a helpful arrangement are beneficial to both participants and the community as a whole.

Again, I urge you to please take immediate action to support Home Share.

Thank you in advance for taking such an important action.

Sincerely,

Joseph F. Markette, D.C.

To Pima County Board of Supervisors: Care of the Clerk of the Board

Home Share in Pima County is a much needed, inexpensive, creative option for assisting seniors to remain independent in their home and have a senior (renter) share their services. For example, in exchange for an affordable rent, another senior might provide rides to appointments, cooking, errands, etc. As an RN Patient Advocate (business owner) for the last 11 years, I've seen first-hand the increasing resource demands needed to support seniors' needs in our community. Home Share in Pima County is an excellent program, thoughtfully developed over the last several years by several outstanding Tucson citizens. I strongly recommend that you endorse/fund this program to benefit participants and ultimately, our entire community.

Thank you for your support!

Sincerely,

Stephanie Frederick, RN Patient Advocate, LLC

I grew up in Tucson, our beautiful Old Pueblo, and I'm in gratitude for the positive social growth I've seen for our citizens. Here is another amazing opportunity to support a fast-growing want and need, Home Sharing in Pima County. I know of several friends and acquaintances who are very interested in this growing opportunity in Pima County. I'm interested for my mom 

Please vote yes for this much needed funding for Home Sharing in Pima County.

Very much appreciated,
Valarie Levine

Board of Supervisors: Care of the Clerk of the Board

Dear Board Members,

I would request that you take immediate action to support the Home Share in Pima County.

This project is an inexpensive and valuable option to allow single seniors to remain independent in their home. Such a desired need for so many elderly. And sharing their home with another senior helps with some services such as driving or cooking and this means the second person also benefits in the manner of an affordable rent. The companionship and security from such an arrangement are beneficial to both participants and the community as a whole.

Thanks so much for taking such an important action,

Board of Supervisors
Clerk of the Board of Supervisors

Dear Person,

As a facilitator of elder groups, I know the frustration of elders living alone. With Home Sharing, these same elders can avoid isolation, financial worries and still age in place. I strongly support the Pilot Program for Home Sharing. I see home sharing as a viable and valuable option for our elders who are interested.

Thank you for supporting this important program.

Pima County Board of Supervisors
Care of the Clerk of the Board

There is a huge need for affordable housing in Tucson, and sharing a home constitutes an important step toward its solution. This need is particularly important among older adults.

Home sharing has many mutual benefits for the home owner and the home seeker. To name only a few: lowered expenses, companionship, safety, peace of mind (also for family and friends), and being able to stay home instead of going to a health care facility.

Sustainable home sharing pilot programs exist in seventeen other states, one for 14 years. Many Tucsonans would greatly benefit when such a program is also available here. Please support this effort, and distribute this email to the Board of Supervisors before the May 18th meeting. Thanks.

Greetings.

I write to support funding for the HomeShare Pilot Program initiative in Pima County.

As a childless widow living at home alone for the first time in my life, I am considering all possible living arrangements for a safe and satisfying life as I get older. While I'd like to age in place, home ownership requires considerable, often daunting, energy, responsibility, and financial resources. I would consider a continuing care community, but community living is quite alien to me. I believe home sharing sounds like a highly viable option. And I know I'm not alone in this!

I do hope you will consider funding this exciting program.

Thank you,

Nancy Davies
