Request of the Board

We would like to request that our Petition for Relief of Real Property Taxes be moved off the July 6, 2021 Board agenda.

We have emails documenting our Charter school work and payment from the State until June of 2020 and we continued closing out our school until June 2021.

We were denied Charter alternative status because we told the Charter Board we were turning in our Charter and without a school you do not get any special status.

We would like our case to be moved and continued at another Board meeting date.

Thank you,

Mary Lou Klem
