Subject: Comments for the September 7 meeting

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

According to Webster's Dictionary online, the definition of the word EMERGENCY is, "an unforeseen combination of circumstances or the resulting state that calls for immediate action". An example of an emergency is a sudden illness that needs a doctor's care. An example of an emergency is a downed power line that must be repaired in the middle of the night. What you people fail to understand is that there is no emergency with regard to the covid 19 pandemic, or, SCAMDEMIC as it's become known to many of us. I say this for three reasons:

1. The number of actual covid cases is negligible
2. The chance of children and healthy adults dying from covid is practically zero
3. There is an overwhelming body of medical evidence that this thing we've been calling covid-19 is nothing more than another flu bug

To me, a true emergency would be where a significant number of people have died directly from covid on a regular basis.

It bothers me as a parent of high school age kids is that you people act as if you supersede my authority as their parent to determine how to best care for my kid's health. Everyone can see that you people have turned this into a political game and the pawns are the citizens of Pima County.

It bothers me that I can produce hundreds of peer reviewed scientific papers and thousands of eyewitness accounts proving that covid-19 is a scam, that masks are harmful to those wearing them (especially kids), that masks do not prevent the spread of viruses, that the shots being promoted as vaccines are deadly, that this global insanity has destroyed the lives of billions of people worldwide and that this whole plandemic was orchestrated by man and not by nature. And yet, you cannot produce even one scientifically credible document to prove your case. All you can do is say the same thing over and over again, like a demented parrot, "....CDC guidelines".

It bothers me that the tactics you are using mirror the tactics Nazi Germans used to control people in their socialist society.

You people will be judged. First at the ballot box, then by civil unrest and ultimately by God himself. **Repent now!** End your wicked reign of terror over the people you were entrusted to serve, and you will be spared. Turn not from your wickedness and suffer the wrath of the people and of God.
