From Registered Voter in Pima County

I have reviewed your agenda for the subject Board of Supervisors meeting. I am very disappointed and angry with the way you continue addressing items that will be illegal according to Governor Ducey's state law which states no mask, vaccine, and passport mandates. I have been at several school board meetings and parents are more than upset with the school board members who keep trying to push this mandate. Here in Sahuarita the motion for a mask mandate was voted down. Member of the school board that made the motion to require masks on students, Nicole Werner, had a tantrum (similar to those we have seen with one of your members) and picked up her things and left the meeting.

We wish she would not come back. No one seems to be listening to the growing number of parents not just here but across our country who are very unhappy with their local school boards.

There are many other uses for these dollars. For one, all the roads that are dangerously in need of repair in Pima County due to our recent rains.

No incentives to school districts whose boards vote for illegal masking. I thought there was something like this coming up.

Not happy with our BOS.
