Subject: Reprecincting in Pima County

CAUTION: This message and sender come from outside Pima County. If you did not expect this message, proceed with caution. Verify the sender's identity before performing any action, such as clicking on a link or opening an attachment.

I would like these comments to be read at the next Board of Supervisors meeting:

Your attempt to reprecinct Pima County into fewer but ever larger and more populous precincts to save a few dollars is an obvious attempt to encourage voting by mail of the heavily Republican precincts. I respectfully ask that you do not carry out this blatant attempt to disenfranchise so many Pima County voters.

In addition, PLEASE VOTE NO ON PROP 206. This \$15 minimum wage initiative will seriously harm Pima County small business owners and increase unemployment.

I ask the Board to NOT disenfranchise Pima County voters by increasing the size of voting Precincts. Elections in the United States were purposely structured to be decentralized. Pima County needs to have smaller Precincts (<1000) not larger to ensure our elections are local, accessible, and accountable.

Sincerely,
Lana Obrien, AZ PC LD 9 Precinct 29

We should **NOT** be reducing the number of Precincts in Pima County. We need small Precincts so that Committeemen can manage their constituents, and more importantly, so that voting lines at precinct locations are manageable. It's clear that voting irregularities CAN take place with mail-in ballots, and the best approach to fair voting is "in person", and showing ID. I've already talked to MANY constituents that believe that if this isn't resolved, there will be no free and fair elections ever again.

Thank you in advance.
