All,

Once again Democrats are trying to undermine the system for personal gain. Short and sweet, we are on to you and **NO** to packing the court(s).

Please have my comments read into the record during the meeting.

Sincerely,

Dear Clerk of the Board,

I am against the proposed Precinct Consolidation of Pima County. You are proposing fewer polling locations which make it much harder for citizens to vote in person. Lines will be long and there will be confusion in where to vote.

And this is at a time when voters have already lost confidence in the voting process in our country.

If you make any changes, it should be to INCREASE the number of voting locations to make access easier for everyone.

Please do not take away any of our voting locations. It is a disservice to all Pima County residents.

As a voter in Pima county Tucson Arizona, I do not agree to reducing the number of precincts. Changing at this time is not only wrong, but will further the decline in voter confidence, and only serves to make things harder for people. All people!

Leave the precincts as they are.

I would like my comment to be read into the recording during the meeting.

Thank you,
Vera Knight

Subject: Precinct reductions

To All It May Concern,

I am against precinct reduction as it will increase waiting time in voter lines making a hardship on those that work and all citizens who happen to pay your salaries. It is a form of voter suppression! The voting system is already in peril and you should be making voter privileges easier to access rather than restricting them.and yes, Voter ID would only strengthen the veracity of the system. Do things that would empower the voter and the system rather than detract. If you feel the need to do "something" increase the districts!

Subject: Reduction in Precincts

[REDACTED]

The proposal you are considering to reduce the amount of precincts is outright voter suppression, and further burdens precinct committeemen of all parties. Leave the precincts as is. If you must change the precincts, make them smaller!

I request that my comments be read into the record during the meeting.
