Subject: Agenda Items # 9, # 4 and # 6

Item # 4 If EARP applications are declining and the processing being reduced why do we need to add employees and pay overtime. This seems like a boondoggle to spend money that could be used for better things. Stop wasting money and treat it like it was coming out of your own pocket. VOTE NO

Item # 6 The board of supervisors is suppose to work for the citizens and community. Reduce duplicate work and cut the unnecessary programs and staff. If programs are no longer required get rid of them and stop spending money just to employ someone. Put them to work in a different project that has some merit. VOTE NO

Item # 9 The right to evict should be left in place as the landlords can't keep eating the non payment or destruction of Tennent's. Use funds to help those evicted find work as their are plenty of jobs out there waiting to be filled. Tenants need to have self worth and become a asset to our community, not a liability. VOTE NO

Thank You

Doug Kosloske - Pima county registered voter and residence.

Subject: Board of Supervisors Public Comment Meeting 09-21-2021

[REDACTED]

Please see my Agenda/Addendum comments below for the Board of Supervisors Meeting 09-21-21
I am a legal, voting resident of Pima County Arizona, Sharon Fickes Contact [REDACTED]

Agenda Item #9 Eviction Prevention Incentive

Landlords have the right to evict under Arizona State statute. The Board of Supervisors should not create methods to spend taxpayer's \$3Million based on Negative Economic Impact from Covid. Too many loopholes involving future payments to landlords who are already suffering from poor choices created by government overreach using Covid as the operative word. Landlords should proceed with the eviction process that will help move them toward locating tenants who will pay their bills. Why not use funds to help the evicted tenants find employment and pay the landlords proceeding with eviction a flat \$5,000 since they are the injured parties who also need to move forward. There are help wanted ads everywhere. Evicted tenants need to go back to work--stimulate our economy and prove themselves to be self-supporting, upstanding citizens for Pima County. Vote No on this item.

Addendum Item #4 Comprehensive Updates.

Per Administrator Huckleberry's memo of September 16, 2021 indicated Emergency Rental Assistance (EARP) applications are declining and referral processing of applications has been reduced to 31 days. So why is the Administrator adding employees and approving overtime when the EARP programs are declining and processing time has almost been cut in half. Where is the logic? Vote No to this recommendation.

Addendum Item #6 Economic Development Office

Board of Supervisors always have the obligation to proceed with efficient and cost-effective operations for Pima County committees, programs, and workforce. If this is an opportunity to realign, reduce, or eliminate offices and staff due to duplication of effort or services/programs no longer required, then the Board of Supervisors should proceed to work for the benefit of the community reducing unnecessary government. Vote No on this item.
