**To:** COB\_mail  
**Subject:** Proposed precinct boundaries, Agenda Item 15

[REDACTED]

I am requesting my comments be read into the RECORD at your next Pima County Board of Supervisors meeting.

There is no realistic merit to increase the size of the voting precincts. Proposing such a major change will do nothing but result in a forced voter suppression and discrimination of the elderly and disabled. Placing a monetary savings to disenfranchise voters is against your own responsibility.

Pima County needs to ensure our deserved rightful opportunity to vote in person. Historically this is the wrong time to make such a major change.

Sincerely,  
Charles Chapman Chancellor  
AZ PC LD9 Precinct 61

**Subject:** Number of Precincts

[REDACTED]

There is a proposal to reduce the number of precincts. Some precincts have as many as 9,000 voters. If anything, the number of precincts should be increased. Appropriate-sized precincts allow:

- Shorter lines when people vote.
- Local, convenient access to voting locations.
- Accountability to improve election integrity.

Both Democrats and Republicans favor an increase in the number of precincts.

Sincerely,  
Robert G. Kahl

**Message Subject** Precinct Boundaries

I am requesting that this comment be read into the record at the next Pima County Board of Supervisors Meeting. Every action taken by the Board to make it less convenient to vote in person and encourage voting by mail (except for those who are not able) is

**Comment** detrimental to the integrity of the voting process. Increasing precinct sizes and providing fewer voting locations is such an action. Accessibility and accountability are crucial to the integrity of the voting process. If this process of precinct consolidation is carried out, it will be seen as a partisan effort to subvert election integrity. Sincerely, Bill Gideon

**Response requested** No
