Hello Clerk of the Board and Pima County Supervisors,

I ask that my comment be read into the record during the meeting.

Please leave the precincts as is and do not reduce the number of polling locations. This move will have an adverse effect on getting more people to vote and will burden precinct committeemen of all parties.

Thank you,

David McKibben

Dear Clerk of the Board and the Board of Supervisors,

The last thing we need is to remove polling locations!

There is no reason to purposefully make in-person voting less accessible... other than if you want to suppress voting with the intent of ushering in corruption. The intention of this proposal is obvious to the community, and that is why it is alarming to the community.

I am a poll worker. The location I work at can be bustling and the parking is limited. Sometimes people have to park a ways down the street. However, despite how busy or not certain precincts are, it makes no sense to start closing some of them. It is vital for each voter to have easy access to a local voting site.

As you cast your vote for this proposal today... please don't disregard the voice of the people you represent. Please don't simply fall into lockstep and submission with how liberal authorities dictate you must vote. Besides, doing so must get boring after a while. It must begin to feel pretty empty and meaningless too.

At the end of the day, I think you would feel proud of yourself if you stepped up and did what would take some bravery... that is, to risk retaliation of the liberal establishment in order to act in the best interest of the people you represent. When all is said and done, you won't regret taking this crossroad.

Please Read this into the record.

Dear Members of the Board of Supervisors, Pima County.

I have reviewed your proposal considering changes to precinct boundaries in Pima County. I find it unneeded and unnecessary. The prime reason stated was to reduce costs associated with elections in Pima County. It seems that Board of Supervisors is NOT concerned about costs as this saves only \$180,000 yet without input you gladly spent \$2 MILLION to house illegal aliens infected with Covid-19. Spend money on your citizens first! Like fixing Roads! Vote against this proposal.
