I am Sharon Fickes, a legal, voting resident of Pima County AZ. Contact me at [REDACTED]
The following is my comment for the 10-19-21 Board of Supervisors' Meeting

AGENDA Contract/Award Section Item #6

Flowing Wells Unified School District providing STEMAZing teacher training program --Absolutely NOT.

The STEMAZing.org website and resource materials have many sections promoting divisive resource materials that frame misleading information and training in Social, Emotional, Learning and Black Lives Matter criteria. Our children are falling behind. We want teachers focusing on basics. Why is Pima County considering these materials that are not suitable for educating our children to strive toward excellence in reading, writing, and math? This contract has an emotional and academic achievement cost to our children. Stop the political nonsense. All our Children Matter! NO on #6

This comment is regarding the Tuesday 10-19-21 meeting, Consent Calendar Contract and Award section: Item #6 School Superintendent for Flowing Wells Unified School District .

While this Intergovernmental Agreement (!GA) between Pima County and Flowing Wells Unified School District for Flowing Wells STEMAZing Teacher Leader Program involves no cost, the county (and the school district) should not be involved in STEM training that is not true to the STEM project - Science, Technology, Engineering, Math. Misleading information and training in Social, Emotional, and Learning issues including Black Lives Matter are not related to the STEM program so this contract should NOT BE AWARDED.

Gail Ault
