Following is my comment for the 10-19-21 Meeting

Addendum Item 4. Economic Development Office: Mission, Restructure or Eliminate

Each and every Office, Committee, Employee should be reviewed regularly and determined if they provide a necessary service and benefit to Pima County without regard to compensation. Following the benefit of service determination, their retention for service is determined and compensation should be reviewed with justification for reward identified and adjusted.

Addendum Item 4. Economic Development Office: Mission, Restructure or Eliminate

Each and every County employee should always have yearly performance on a regular yearly basis. It is inconceivable to me that **all** County employees do not have this standard in place. Raises should always tied to performance appraisals.

Respectfully
Sarah Price

Please include the following comment on the agenda for the 10/19/21 Board of Supervisors Meeting. Thank you.

5. Economic Development Office

On a regular basis the supervisors should hold Discussion/Direction/Action regarding the mission and justification of various county departments such as the County's Economic Development Office. This is a good place to start. If the tasks given to this department are done elsewhere a pooling of duties could occur eliminating duplication and streamlining the system.

Vote to address this issue and, after completed, carry on with other departments.

Item # 4 Economic Development and evaluation

This should be a no brainer. Every employee and position should regularly be reviewed and critiqued to see if the position is essential and needed to further the necessity of it and not be used just to be a pay check for someone. Treat these positions and mission with respect to the tax payers footing the bill and the trust they put in you to do what is right.
