Following is my comment for the 10-19-21 Meeting

Addendum Item 6. Call to the Public Rules

Thank you for reminding the Public that our opportunity to address the elected Board of Supervisors is a regular part of each Board of Supervisors' meeting. Our civil discourse is protected by our First Amendment Rights in the United States Constitution and Arizona Revised Statutes and our own common sense. We hope you are listening when we speak and provide comments. The unchecked and dangerous mis-information that is referred to in this Item #6 appears or is also alluded to in various Agenda items you create. The Board of Supervisors should be careful when wording references to their version of "Science".

Sarah Price
Legal Resident and Voter in Pima County

It is time to get back to in person meetings. Why can't you get back to work as others have?

We need to be able to exercise our First Amendment rights by participating in our County government. It should be an integral part of the Board of Supervisors Meeting. The unchecked and dangerous misinformation that is referred to in Item #6 is ridiculous. Don't you believe citizens have any voice at all. Can't believe that you want to get this to the point that you conduct meetings in you office by Zoom and further suggest that there would be "call to the public". **Starting to be very scary to me!!!**

Respectfully
Sarah Price

Please add these comments to the Agenda for the 10-19-21 Meeting. I am grouping two together because I feel they are related.

Addendum Item 3. Board of Supervisors Meeting in Person

Addendum Item 6. Call to the Public Rules

It is certainly a sad day when items like these need to be addressed. The job of the county supervisors is to make decisions for the county residents in a timely and serious manner. It is a disservice to county residents when the elected officials take away the ability of in-person meetings. It is a disservice to all when rules regarding slander and civil discourse even need to be discussed, much less voted on. Each supervisor and, likewise, each resident, has the responsibility to discipline him/herself. What one regards as "misinformation" someone else does not - when individuals are treated with respect, respect follows.

Please quit the quibbling and spend time on issues of importance that relate to the governing of Pima County

Item # 6 Call to the public rules

Our 1st amendment rights both Federally and State give us the right to voice our opinions and we hope you will listen to what we have to say and not slide it under the table. Our voices should be heard and taken seriously as we have put our trust in the decisions you make but you need to hear our thoughts and take them into consideration when making decisions. Our voices can be heard loudly at election time if we are ignored and not allowed to put forward our thoughts.

My name is Doug Kosloske and I am a registered voter in Pima County
