I am Sharon Fickes, legal resident of Pima County Arizona. Contact # [REDACTED]
The following are my comments for the Board of Supervisors Meeting 11-16-2021

ADDENDUM

Item #1 Presentation by David Sanderson, Pima County Chief Probation Officer re: protocols for probation violations. Regarding Pima County's push for criminal justice reform and how it affects the public. When an individual, legal Arizona resident or any other individual, violates probation conditions caused by a misdemeanor, that violation is an offense against the community and the court system where an arrest is issued with possible additional fines. Typical non-violent offenses, misdemeanors (as identified in Pima County Justice Court information) includes petty theft, vandalism, trespassing and minor assault. As a resident of Pima County, I would **not** consider any of these minor, especially when I am the injured party. Per **Crimegrade.org** data evaluation through 2020, the following reflects their data: Pima County is less safe versus other counties of the same size for crime. Considering only the crime rate, Pima County is less safe than the Arizona state average and less safe than the national average. Maybe your push for criminal justice reform should include using some of the millions of tax dollars that Pima County repeatedly hands out to support illegals for transportation, medical assistance, clothing, housing and food should instead be directed to re-enforcing our criminal justice system. Support the various courts, police, sheriffs, and border patrol. Let's not worry so much about those violating our laws and work instead to protect your voting citizens and create a safer Pima County. Thank Mr. Sanderson for his presentation and ignore any future recommendations.

Addendum Item #1

This is ridiculous!! You continue to make our County less safe for it's citizens. All of us need to follow rules. Between the illegal immigrants who cross our borders Illegally and the criminals who do not have to follow rules, what do you think our County will look like. I personally intend to stay out of Tucson and spend by \$\$ other places... I'm over it!!
