The following are my comments for the Board of Supervisors Meeting 11-16-2021

**Addendum #21 Health Natl Assoc. County + City Health Officials. GR GTAM 22-35  
Additional Funds Requested \$10,000 Total Contract \$34,997.50**

Focusing on specific ethnic groups of African American, American Indian, Hispanic, and rural populations including young people, appears again to be racially motivated. Don't you think the groups you are targeting are smart enough to make their own decisions and have decided against your propaganda promoting the experimental vaccine? Pima County should wake up and understand the science behind the experimental vaccine does not align with your programs of indoctrination. Your contract includes providing "accurate" information. Let's watch to see if you include that goal. **Vote NO**
