A returning employee (who did not retire, and left and returns on good terms) will begin to accrue at the rate they were at when they left. (I.e. if they left after 6 years of employment with the County, when they return they accrue at the same rate as those who have 6 years with the County today. They don't start over at 0.)</p> <p>(d) Make this adjustment for returning employees retroactive to the fullest extent practicable. (District 2)</p> <p>County Administrator's Recommendation Vacation and Sick Leave Proposal - Phase 1 Staff recommends approval of options 1 through 8, as outlined in the County Administrator's Memorandum dated September 6, 2022, and further recommends that any changes described herein take place January 1, 2023, in order to permit time to reconfigure the current pay system. The proposed changes are not intended to be retroactive.</p> <p>Additionally, it is recommended to address Paid Time Off (PTO) as part of a second phase of review. PTO is a more complex process and requires a determination of how to convert current vacation and sick leave balances to PTO and necessitates more communication and advance notice to employees. Therefore, it is ideal to assess a change to PTO at the time that the County moves to its new enterprise system, which is actively in the procurement stages.</p> <p>Finally, staff will continue to review student loan repayment, pet insurance, childcare resources, and a "Winter Break" paid vacation benefit in Phase 2 of this assessment as well.</p>

A returning employee (who did not retire, and left and returns on good terms) will begin to accrue at the rate they were at when they left. County Administrator's Recommendation**Vacation and Sick Leave Proposal - Phase 1**

Staff recommends approval of options 1 through 8, as outlined in the County Administrator's Memorandum dated September 6, 2022, and further recommends that any changes described herein take place January 1, 2023, in order to permit time to reconfigure the current pay system. The proposed changes are not intended to be retroactive.

Additionally, it is recommended to address Paid Time Off (PTO) as part of a second phase of review. PTO is a more complex process and requires a determination of how to convert current vacation and sick leave balances to PTO and necessitates more communication and advance notice to employees. Therefore, it is ideal to assess a change to PTO at the time that the County moves to its new enterprise system, which is actively in the procurement stages.

Finally, staff will continue to review student loan repayment, pet insurance, childcare resources, and a "Winter Break" paid vacation benefit in Phase 2 of this assessment as well.
