Pavement Preservation Program Acceleration Measure

Discussion/Action. A measure directing the County Administrator and staff to proceed with the sale of \$50 million in Certificates of Participation, which will result in a total of \$85 million being available for the Pavement Preservation Program in FY 2021-22. Doing so will accelerate the repair of approximately 130 more miles of local roads than was originally planned. This measure is aligned with Board Policy D 22.12 (General Fund Capital Improvement Fund Pay-As-You-Go Program). It also authorizes the Department of Transportation to immediately begin to select the roads that will be covered and to make all other necessary arrangements. **Also authorize the Procurement Director to execute any and all contracts, amendments and change orders to the contracts that are a result of the bid process for the program, provided that the combined not-to-exceed amount of the contracts does not exceed \$85,000,000.00.** (District 1)
