BOSAIR Activity: Board Meeting Request

Requested Board Meeting Date: 07/14/2026

Supplier / Customer / Grantor / Subrecipient: U.S. Department of Housing and Urban Development

Project Title / Description: Homeless Management Information System Consolidated

Purpose: Homeless Management Information System (HMIS) grant will fund staff, software, training, and supplies necessary to administer and maintain the community's HMIS. The HMIS serves as the central database for collecting, managing, and reporting data on individuals, families, youth, and veterans experiencing homelessness throughout Pima County. Grant funds support data quality monitoring, system administration, user training and technical assistance, U.S. Department of Housing and Urban Development (HUD)-required reporting, coordinated entry operations, and overall grant and program administration. These activities help ensure compliance with HUD requirements, support informed decision-making, and provide accurate data to evaluate and improve the local homeless response system.

Procurement Method: Grant: Not applicable

Procurement Method Additional Info: NA

Program Goals/Predicted Outcomes: The goal of the HMIS grant is to ensure the Continuum of Care maintains a high-quality, compliant, and accessible Homeless Management Information System that supports coordinated service delivery and informed decision-making. Expected outcomes include improved data quality and completeness, timely and accurate HUD reporting, increased participation and engagement from homeless service providers, effective administration of Coordinated Entry, and enhanced system performance monitoring.

Public Benefit and Impact: The HMIS grant supports the community by providing federal funding necessary to maintain the Homeless Management Information System, which tracks homelessness status, services received, and housing outcomes for individuals and families experiencing homelessness. This data helps service providers coordinate care, identify community needs, measure program effectiveness, and ensure resources are used efficiently to better serve those experiencing homelessness.

Strategic Plan Pillar • Quality of Life

Support of Prosperity Initiative:

- 2. Improve Quality of Life and Opportunity in High Poverty Areas
- 3. Improve Housing Stability

Provide information that explains how this activity supports the selected Prosperity Initiatives

The HMIS grant aligns with Pima County's Prosperity Initiative by supporting both the Improve Quality of Life and Opportunity in High Poverty Areas and Improve Housing Stability pillars. HMIS provides the data infrastructure necessary to identify community needs, coordinate services, and evaluate outcomes for individuals and families experiencing homelessness. By supporting data-driven decision-making, resource allocation, and access to housing and supportive services, the grant helps improve housing stability, reduce barriers to opportunity, and enhance quality of life for some of the County's most vulnerable residents.

Metrics Available to Measure Performance: HUD required reports submitted accurately and in a timely manner.

Retroactive: YES

Retroactive Description: Yes, to July 1, 2026. Division staff received the HMIS Consolidated Grant Agreement from HUD on June 26, 2026. Due to the timing of receipt and the processing required to prepare the agreement for Board consideration, this is the first available meeting at which the item can be presented. Retroactive approval to July 1, 2026, is requested to ensure continuity of grant-funded activities and reimbursement of eligible expenses incurred during the grant term. Without approval of the agreement, Pima County would not receive the federal funding necessary to administer the HMIS and support the community's homeless response system.
