Re: Tanque Verde Valley Fire District

I have served on the governing board of the fire district since 2013, most of that time as Chair. My wife Vicki and I have made the decision to sell our home and retire to Broadway Proper by June of this year, which means I can no longer serve as a fire district board member.

The two board members who have served with me, Layne Lundeen and Nancy Richards, have indicated they will be leaving the fire district board when I do. That will leave three vacancies to be filled by the Pima County Board of Supervisors.

As a suggestion, you may want to start the search with the Bel Air Ranch Estates HOA, since the Bel Air residents make up 81% of the fire district residents.

The fire district is in an appropriate strong financial condition. I have carefully organized all of the fire district records, stored on a Google Drive and on our website, and I have written a bound "how to" manual for the governing board explaining step by step all of the tasks, with access and passwords.

If the new governing board so desires, I am willing to serve as executive director for a fee of \$4,000 per annum and continue to run the fire district until the board members are up to speed.

Sincerely,

Bruce Small
