I am opposed to civil rights violations, whether for purported purposes of public health (COVID) or immigration enforcement. There should be NO warrantless raids, circumvention of due process, masking officers, terrorizing children with firearms, and the use of massive detention centers, where people are apparently dying from unsafe or inhumane conditions. People with probable cause for commission of a crime, not abuelas, should be the focus of law enforcement. As should NGOs suspected of misusing government funds to facilitate illegal migration. Cut off the incentives--such as illegal welfare, free college, etc.
