Dear Clerk of the Board:

We are members of a group of concerned residents opposed to the comprehensive plan amendment changing the property at 5200 S Old Spanish Trail from Resource Sensitive to Rural Crossroads designation. This parcel was originally and is now zoned as residential, as it should be. After the first owners, for whom the designation was changed, abandoned management, subsequent proprietors have not been successful at this location, and there have been several. Various of them caused noise problems requiring intervention by the Sheriff's Department and there were incidents of trespass onto neighboring properties, making the owners feel unsafe. Then there is the potential damage to the Saguaro National Park East as well as danger to our beloved wildlife due to increased traffic and human negligence. We urge the Commission to deny this rezoning proposal and ensure peace in our neighborhood.

Respectfully submitted,

Akio and Judy Wake
11855 East Saguaro Crest Place
