BOS- Give us Liberty or give us death 5-21-2024

Our Founding Father's blessed us with a Constitution and Bill of rights that would insure God's desire for us to live in freedom and liberty. John Adams said, "Liberty cannot be preserved without a general knowledge among the people, who have a Right... an indisputable, unalienable, indefeasible, divine right to that most dreaded and envied kind of knowledge, I mean the Character and conduct of their rulers."

We the people must fight against this persistent ongoing anti-America agenda. It is past time to stand up for freedom! We must stand up against the Extremist left, and corruption that has infiltrated our country for decades, and now with your help spreads throughout Pima county. We stand up for well managed borders for legal immigration, for our children, for life from conception to the grave, and for the rule of law. We stand up for our Free Speech and our other God-given rights. We stand up for our God given constitution and the American Revolution for the liberty it represents!

For those of you on the BOS who reject these ideals and refuse to support them, it is time for you to resign. We need representation by freedom thinking Constitutionlists, not by those seeking to destroy our freedoms and instead support a Marxist agenda. Thank you Steve Christy for trying to support the citizens of Pima county. We need all of the Pima County BOS to represent the people of Pima County, not the militant illegal aliens whose goal is to destroy our country.

May God give you the insight and wisdom to support the will of our citizens. God bless you and give you guidance in how YOU represent us and make decisions for the benefits of the people of Pima County for whom you work. Give us liberty or give us death. As a Christian, living in Heaven for eternity after death is far superior than living under a godless Marxist tyranny. Where will you spend eternity?

May God again bless America and guide us back to the road of freedom. Thank you.

Sharon Greene
